

**Example no 4 of Bodster CIC's work – some photos of our work and quotes from parents/carers**

“ Thank you for the photos. Our daughter is growing up so fast and it is lovely to see her joining in with the other children. She does always not find team tasks easy but the ponies are really helping her with this.”

“Thank you very much for the photos. It's lovely to see what our son has been doing. He was trying to tell us about the game you played and the photos helped him explain it. He was smiling such a lot after his Bodster session and he said he loved grooming Blue in particular.”

Sometimes we print photos the learners have taken and help them make it into a story.

“Bodster is an amazing place. The atmosphere is so calming and you are patient and you have given such a lot of time to my son. Thank you”

“Thanks for all you're doing - we couldn't have got this far without the ponies at Bodster and of course without you!”
